4-H and CERC Present WIND POWER

Youth in grades 3-6 will practice engineering skills by constructing wind powered machines and wind turbines. Youth will use their turbine designs to lift a load and produce electricity. Youth will learn how generators work using motors and multimeters. Those who sign up for this event will meet every Thursday for 5 weeks.

When: Thursdays, April 18 & 25, May 2, 9, & 16

Where: LBF Home Economics Room

Time: 3:30PM-5:00PM

Cost: \$15.00 (snack will be provided before each class)

If your child is interested in this fun and exciting event, please fill out the registration form and send it to CERC along with payment. Forms and payment can be dropped off at the elementary school office, City Hall or mail to CERC 901 Main Street Littlefork MN 56653. If you have any questions, concerns, or comments, please contact Becky Kimball, CERC Director, at 218-278-4422 or littleforkcerc@hotmail.com
